

Gospel Fluency Discussion Questions

For CORE Groups

Overview:

This guide is designed for CORE groups that are working through Gospel Fluency together. Our recommended pace would be one chapter per meeting, but feel free to read the group and make adjustments as needed.

Discussion Questions:

For each chapter, here are four questions to spur on conversation:

- What did you *think* and *feel* about this chapter?
- What was your biggest takeaway? What was most memorable? Why?
- Did anything you heard challenge or influence how you think about God or your life?
- How can what you learned influence or change how you live in everyday life? What tangible steps would it take to make that change a reality?
