Journey Notes

God brings dead things to life. Valley of dry bones live when they meet the God of revival. Living water springs forth when God breaks in. I don't know for you, but it feels as if we are in great need of a revival. So much of what we know as the church now lies in shambles. Christians are cold and ignorant of God's Word and precepts. We can hardly differentiate between what Christian doctrine teaches and other religious notions. We no longer share Christ with boldness and courage. For the most part, many people today are sleep walking when it comes to their faith. We need revival!

What then is revival, one might ask? "Revival is that sovereign work of God in which He visits His own people, restoring and releasing them into the fullness of His blessing." (Robert Coleman)

When God visits his people, things change. Life is turned upside down. Hope is renewed. The signs that revival is happening are as follows:

- (1) God's people repent from sin and turn to God (2 Cor. 7:10)
- (2) God's people exalt Jesus (Col. 3:4)
- (3) God's people intercede for sinners (1 Tim. 2:1)
- (4) God's people bear fruit (Jn. 15:8)
- (5) God's people love each other (Jn. 13:34)
- (6) God's people pray fervently (2 Chron. 7:14)

When we get a glimpse of God, we will begin to exhibit these characteristics of revival. This is evidence that God has reclaimed the hearts of his people.

Let us pray for revival. May it begin with each of us.
